RESPONSES PER RESPONDENT: 45

ANNUAL RESPONSES: 1,000,125

AVERAGE BURDEN PER RESPONSE: 20 minutes

FREQUENCY: On occasion.

The Defense Information System for Security (DISS) is a DoD personnel security system and is the authoritative source for clearance information resulting in access

determinations to sensitive/classified information and facilities. Collection and maintenance of personal data in DISS is required to facilitate the initiation, investigation and adjudication of information relevant to DoD security clearances and employment suitability determinations for active duty military, civilian employees, and contractors requiring such credentials. Facility Security Officers (FSOs) working in private companies that contract with DoD and who need access to the DISS system to update security-related information about their company's employees must complete DD Form 2962 (OMB Control Number 0704-0542). Specific uses include: Facilitation for DoD Adjudicators and Security Managers to obtain accurate up-to-date eligibility and access information on all personnel (military, civilian and contractor personnel) adjudicated by the DoD. The DoD Adjudicators and Security Managers are also able to update eligibility and access levels of military, civilian and contractor personnel nominated for access to sensitive DoD information. Once granted access, the FSOs maintain employee personal information, submit requests for investigations, and submit other relevant personnel security information into DISS on over 1,000,000 contract employees annually.

Dated: May 12, 2021.
